

## Application Success Story:

Industry: Petroleum

Product: Recycled Oil

Sealing Solution: Mechanical Seal

### Equipment Info

- Union vertical pump
- Model: 2x3x7VCM
  - First Sealmate™ seal protector installed lasted 2 1/2 years. Replaced with a new Sealmate™ and a rebuilt 155 seal and was still running flush free 3 years later.

### • Problem

- Very short seal life due to clogging with clay and debris  
Normally lasting 2 weeks
- Excessive downtime
- High maintenance costs

### • Solution

- **Sealmate™ Seal Protector** installed with a 155 mechanical seal
- Dramatically increased MTBR
- Dramatically decreased operating and maintenance costs
- Customer very happy
