

Application Success Story:

Industry: Pulp & Paper
Product: Paper Stock
Sealing Solution: Packing

• Application Info

- Kamy MC Mixer
- Bleach Process. Paper Stock + ClO₂
- Shaft size - 100mm / 3.937"

• Problem

- Excessive stock leakage
- Excessive flush water usage
- Short packing life. Approximately three months
- \$2,600.00 per year maintenance cost

• Solution

- SpiralTrac Version P Type S PM10000RS13200 (ESC) with Chesterton 1761 + 1400R packing

• Result

- Packing life has been extended 12 months
- Flush is minimized to 4.0LPM / 1.06 GPM
- Annual cost savings of \$1,100.00
